

## THE EUROTECH ORGANIZATION

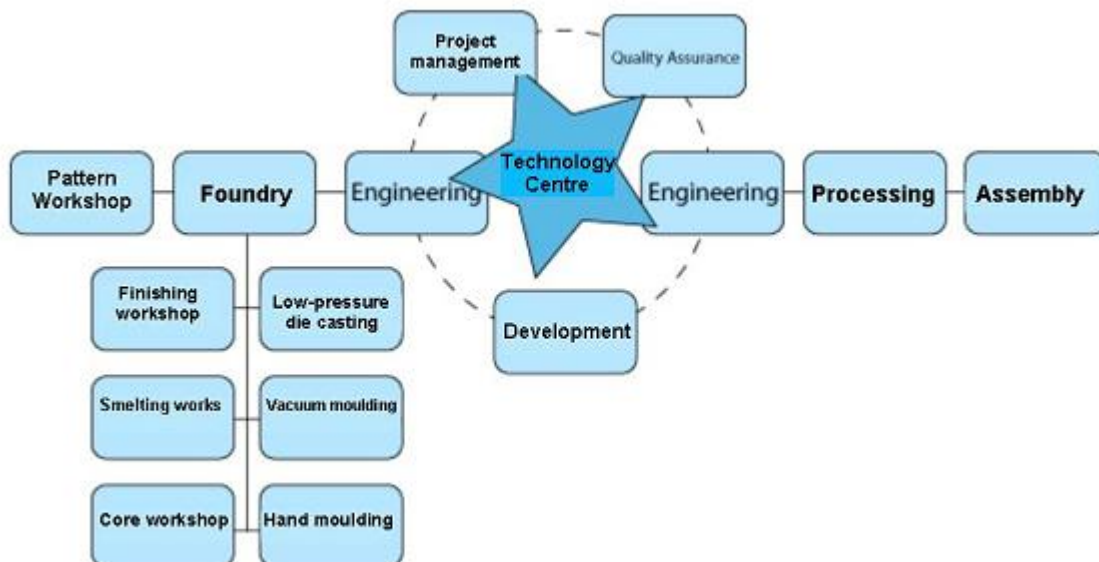

Generated on 21-05-2012

### Management team

For contact with one of the management team members click [here](#).

### Technology centre

The power of Eurotech is perfect cooperation between the aluminium foundry and the machining department. The specialists and the production engineer are under one roof and can optimize products and modules in an early development stage. The most modern production technologies and methods are used for this:

Eurotech Aluminium Castings
